

# JOHNSON LIVESTOCK FALL FEMALE SALE

480 FEMALES ON OFFER

TUESDAY DECEMBER 15, 2015 AT 12:30PM  
PEEBLES, SASKATCHEWAN

GUEST CONSIGNOR: D&N LIVESTOCK

# Welcome to Johnson Livestock Fall Female Sale

ANDREW, LAURIE, BRIELLE, MAYA, DESTA & INDY

DAVID & ANNE

Our breeding philosophy has always been, breed as many cows as we can to the best bulls we can. After 10 years of this plan, we have come to the realization that we needed to have a female sale. We continue to enjoy breeding these top Angus cattle, but after many years of expansion we needed to sell a few. That point was driven home at weaning this year when after sorting the bull calves we still had over 200 that are on track for our spring bull sale.

These cows are sound, productive cows, that have been producing quality bulls for our spring sale. For the first time we are selling members of our treasured Cassie cow family in volume. The first, Lady 779L daughter sells, as well as two Evening Tinges. There are several Elite dams, a past Donor and many cows that should have been flushed as they have been tremendous. The heifers represent, our breeding program, sired by our top bulls, and AI bred back to the best heifer bull in the breed, Final Answer.

In many ways the cows we are selling remind me of the cows we got started in the registered Angus breed with. When we went to our first Angus sales we purchased old cows, young cows, and lots of open and bred heifers. I know Dad would love to do it all over again. These Angus cows are not just how we make our living but there also our sport and at heart we are cow collectors.

Many of the cows and a few of the heifers will enter the sales ring in groups of 5. The first successful bidder will have choice of taking as many of those 5 as he wants. If there are any animals left, the bid will be opened again on the remaining females.

All purebred cattle, sell with their registration papers. Due to our numbers we understand that many of these cattle will go to commercial homes, but the papers will be transferred. So whether you need 1 breeding piece for your herd or several hundred please join us on Tuesday December 15, as we open our new sale barn.

Come early, and enjoy breakfast and lunch before the sale starts at 12:30 pm.

# Terms & Conditions

## HEALTH

In order to reach our goals of low mortality, a strong vaccination program is a must. Our entire herd is on a full program, and the sale offering is completely up to date on their boosters.

## TRUCKING AND DELIVERY

Please bring your trailers to the sale and we will load out cattle that day or please make arrangements for pick of all your purchased cattle prior to leaving Johnson Livestock Sale Day.

## SIGHT UNSEEN PURCHASE

We would like you to attend the sale, but if you are not able, Andrew will personally handle your purchase. Nobody knows the cows and bulls like we do, so please ask either of us about your sale selection. O.B.I. representatives can also assist you with sight unseen.

## SALE LOCATION

Sale will be held at the Johnson Livestock New Heated Sale Barn. We are located 2 ½ miles north of Peebles or 16 miles south of Grenfell on the 616 grid.

## LIABILITY INSURANCE

Johnson Livestock & OBI are not liable for any accident that could happen on sale day.

## VIEWING OF SALE CATTLE

Any day up to the sale, you can come to the farm and view the entire sale offering. We will be having our farm hospitality the night before the sale if you want to come a day earlier.

## SALE DAY FOOD

We will be having breakfast at 8am and lunch following at 11am in the sale barn.

## DNA TESTING

Johnson Livestock will pay for all Required DNA Testing for registration of the resulting 2016 calves.

# OBI Welcome

What a pleasure it is to work with the Johnson family. People with a vision of the big picture and their place in the future. Their commitment is sourcing fresh genetics is second to none. They buy the bulls they want and need with results most evident year in and year out. The JL brand has become the source for seedstock. Innovation is marketing will encourage commercial cattleman to participate in purchasing sound, functional, superior Angus females on December 15.

The cows being offered have earned the right of being the cornerstone females, whose production records back their position in the big picture at JL. The non productive cows have long been culled. Many of the cows have progeny in both the 2015 bull calf crop and the special 2015 heifer calves.

JL have A.I.'ed and bred this sale offering to breed leading bulls – giving both the resulting calves a bright future as well as the new owners a real opportunity for a great return on investment. A special set of calves being offered with Angus Valley, International 2020, Jindra Double Vision and Final Answer daughters. Their dams are special workers. The bred heifers are certainly special brood cow prospects; Calving ease bulls are the order of the day – both A.I.'ed and Exposure bulls.

Please join us at the new sale facility – come early or better yet the day before to view this most impressive sale offering. If you are unable to attend and would like to purchase leading genetics then please do contact OBI, sales staff or Andrew Johnson for help in assessing the sale offering. The most appealing feature of the sale will be the diverse calving dates – from January to April-May, something for everyone. Mark this important date on your calendar, see you sale day!

Rob Holowaychuk, OBI

We put a lot on the line the day we purchased Eliminator and he has not disappointed. That year he was the most talked about bull at SAV with unmatched performance and muscle and was ranked as the number 1 marbling bull in the entire offering. An outcross bull to our herd, we have bred him to everything and it has all worked. They are quiet, easy doing cattle with a good foot, and lots of style. His daughters have perfect udders, are easy fleshing, and are great mothers. We don't part with many of them but the few we sell will make fantastic cows.

Rito 1439 is our Senior Herdsire here at JL and he looks the part. A quiet, easy fleshing, powerful bull, he has naturally sired 231 calves in his first three years here. He sires easy calving, moderate cattle that work in all conditions. A flush brother to both Resource and Renown, he has at least 13 full sisters in the SAV herd. His dam is a full sister to Four Seasons and at this point his daughters are every bit as good.

The influence of Four Seasons reaches deep into this offering, with a few direct daughters and many grand and great granddaughters. With over 460 progeny registered here, he is the base of our whole program. His sons were good but it is his daughters that made us continue to use him. He is the reason, we have continued to use bulls out of the Blackcap May cow family like, Net Worth, Rito 1439, Resource, Renown, Double Digit, Prediction, Recognition and Rocket. If you are building a set of reputation females try get some of his influence

We were fortunate to be one of the partners with Genex on this \$180,000 lead-off bull at the 2011 SAV sale. He was the heaviest 205 day weight bull of his calfcrop, and combines performance, superior phenotype, a great pedigree, with a quiet disposition. His dam is a heavy milking, nice uddered, Density female, who always weans a high percentage of her body weight. His sons were in the top pens last year and we are just calving out a big group of his daughters, and they will have a lasting impact here.

5658 Has been the most underrated sire here at JL since we started. In the last 9 years he has quietly sired over 340 calves. He has been the main clean up bull in our heifer pen every year so his calving ease is for real. His daughters are the right kind and keep rising to the top, every year. He is a maternal brother to the top Genex calving ease bull Bismarck.

Resource is the most popular, powerful, proven performance bull in the Angus breed. Resource consistently stamps out his progeny with thickness, muscle, feet quality, Angus breed character, along with excellent docility. His dam is a full sister to Four Seasons, and has become the most dominate consistent cow in the entire SAV herd with 42 daughter in production there so far.

Harvestor is a powerful, thick bull that has become wildly popular as a performance sire. He is ranked as the #1 YW EPD sire in the Angus breed. Five years ago we watched him sell, as the high selling bull in the 2011 SAV sale. Last year one of our featured Harvestor sons JL Harvest Pride was selected by Semex and ranks among the best on their index system.

Thunderbird combines two of the greatest calving ease bulls, Final Answer and Thunderbird. His first calves here at JL were easy calving, and will get lots of attention at the spring bull sale.

Combining the two top cows in the SAV program; Four Season's sister 4136, and the Blackcap May 5530. With a shot of Final Answer in there, it exactly shows off our breeding program. Even better his calving ease is for real and his sons will be some of our sale features this spring.

Rocket was our pick of the 2015 SAV Sale. A big ribeye, Resource son, with over 178\$B puts him in a class of his own. Blackcap Mays on both sides of the pedigree, as his dam is a full sister to Double Digit, and is also Recognition's dam.
